

## 276/277 Health Care Claim Status Request/ Response — Batch

This companion document is for informational purposes only to describe certain aspects and expectations regarding the transaction and is not a complete guide. The details contained in this document are supplemental and should be used in conjunction with the ASC X12 Standards for Electronic Data Interchange Technical Report Type 3 (TR3) as published by the Washington Publishing Company.

### **Section 1 – 276/277 Claim Status Request/Response: Basic Instructions**

### **Section 2 – 276/277 Claim Status Request/Response: Enveloping**

### **Section 3 – 276/277 Claim Status Request/Response: Charts for Situational Rules**

## Section 1 - Basic Instructions

### 1.1 Council for Affordable Quality Health Care (CAQH)

CAQH is a non-profit alliance of health plans and trade associations focused on achievable, concrete initiatives designed to strengthen the nation's health care system and simplify health care administration. The CAQH CORE Phase I & II operating rules have been adopted by the Department of Health and Human Services as necessary business rules and guidelines for the electronic exchange of information. These operating rules are incorporated into this companion document.

### 1.2 Business Purpose

The purpose of generating a 276 Status Request is to obtain the current status of the claim within the adjudication process. This transaction includes information that is necessary for Empire to identify the specific claim in question. The following primary identifiers must be supplied:

- A) Patient's First Name, in its entirety (10 characters): Loop 2100D, NM104 (if subscriber is the patient); Loop 2100E, NM104 (if dependent is the patient)
- B) Billing Provider NPI Number submitted on the original claim: Loop 2100C, NM109
- C) Member Identification Number: Loop 2100D, NM109; Loop 2100E, NM109 (if dependent has a unique identifier)
- D) Claim Submitter Trace Number: Loop 2200D, TRN02; Loop 2200E, TRN02
- E) Claim Number: Loop 2200D, REF02 (if subscriber is the patient); Loop 2200E, REF02 (if dependent is the patient)
- F) Date(s) of Service: Loop 2200D, DTP03 (if subscriber is the patient); Loop 2200E, DTP03 (if dependent is the patient)
- G) Claim Submitted Charges: Loop 2200D, AMT02 (if subscriber is the patient); Loop 2200E, AMT02 (if dependent is the patient)

### 1.3 System Hours of Availability

As a CORE-certified health plan, Empire follows the guidelines as set forth under Section 1 of the CAQH CORE System Availability Rule. Regularly scheduled system downtime/maintenance will be reserved for Sundays and the following holidays:

- New Years Day (01/01/CCYY)
- Memorial Day (Last Monday in May)
- Independence Day (07/04/CCYY)
- Labor Day (First Monday in September)
- Thanksgiving Day (Fourth Thursday in November)
- Christmas Day (12/25/CCYY)

### 1.4 HIPAA-Compliant Codes

When entering codes in the 276 claim status request, carefully follow the 276/277 TR3. Use HIPAA-Compliant codes from current versions of the sources listed in Appendix A: External Code Sources. Empire will accept all HIPAA standard codes, however, acceptance of these codes of modifiers will not alter covered benefits or current payment policies, guidelines or processes.

### 1.5 Claims without Dollar Amounts

A 277 Response on a member-payable claim, rejected claim, or approved claim without dollar amounts will contain a zero dollar amount in the data element, STC05 Claim Payment Amount (Loops 2200D, 2200E) and SVC03 Line Item Paid Amount (Loops 2220D, 2220E). Also, in Loops 2220D & 2220E, the following STC data elements will not be included:

- STC08 – Check Issue or EFT Effective Date
- STC09 – Check or EFT Trace Number

## 1.6 Delimiters

Empire only accepts the following delimiters as defined by the ANSI standards of the basic character set:

- Data Element Separator, Asterisk (\*)
- Repetition Separator (ISA11), Caret (^)
- Sub-Element Separator, Colon (:)
- Segment Terminator, Tilde (~)

**NOTE!** *Since the listed values are the only delimiters supported, the use of any other values may yield a file level rejection. Using values from the extended character set is not permitted without a mutual written agreement between Empire and trading partner.*

## 1.7 Adjusted and Voided Claims

A 277 Response will include the final image of an adjusted or voided claim but not the original claim.

## 1.8 Uppercase Letters

Empire requests that all data be entered in UPPERCASE letters only.

## 1.9 Communication Protocol Specifications

- HTTPS Connectivity. HTTPS connectivity is available through the internet.
- HTTPS Setup Steps. Contact E-Solutions to begin the process of getting setup for HTTPS.
  - 1) E-Solutions will collect information about your organization.
  - 2) You will be assigned a Gateway and System User ID and Password.
  - 3) You will perform the necessary testing and then be promoted to production.
- Web Address. Below is the HTTPS URL address where a 276 file may be uploaded using the HTTPS EDI portal for a 277 response.

URL: <https://www.edibatch.com/empireblueedi/login.jsp>

### Other Communication Protocols

- Secure FTP
- File Transfer Protocol w/ PGP

### 1.10 Similar Claims Found

When the search criteria submitted (Member ID, Member First and Last Name, Dates of Service, Provider NPI and Total Charges) does not result in a match on the Claim Number (REF `1K`), but does find a series of other claims, a response will be generated with the similar claims. Loop 2200D Subscriber Level or Loop 2200E Dependent Level will be returned with the claim information that match the other search criteria.

### 1.11 Acknowledgements and/or Reports

Submitting a 276 transaction, you will receive the following responses:

- Functional acknowledgement reports that includes TA1 (X12) & TA1 (864) when the ISA-IEA envelope cannot be processed and/or 999 when submitted 276 does not pass Level 2 HIPAA validation.
- 277 is returned in all other cases to indicate the claim status.

### 1.11 Standardized Claims Responses

For the following situations, a standardized STC response will be generated. Note that additional claim status codes may provide future specificity in STC10 and STC11.

<b>Standardized Claim Responses</b>	
<b>Description</b>	<b>STC Response</b>
Claim Not Found	<b>A4^35</b>
Subscriber Not Found	<b>E0^33</b>
Patient Not Found (generic)	<b>E0^97</b>
Claim rejected due to no membership—finalized status	<b>F2^33</b>
Claim rejected due to coverage termination—finalized status	<b>F2^27</b>
	<b>F2^108^IL</b>
Claim rejected due to coverage termination—pending status	<b>P1^27</b>
	<b>P1^108^IL</b>
Claim Rejected for Requested Medical Records—finalized status	<b>F2^317</b>
Claim Pending for Requested Medical Records—pending status	<b>P3^317</b>
Claim Rejected for Medical Records but no request has been issued at the time a 276 was received—finalized status	<b>F2^317</b>
Claim Pending for Medical Records but no request has been issued at the time a 276 was received—pending status	<b>P1^317</b>
Claim rejected for Requested COB Information—finalized status	<b>F2^52</b>
	<b>F2^57</b>
	<b>F2^286</b>
Claim pending for Requested COB Information—pending status	<b>P3^52</b>
	<b>P3^57</b>
	<b>P3^286</b>
Claim rejected for COB Information but a request has not been issued at the time a 276 was received—finalized status	<b>F2^52</b>
	<b>F2^57</b>
	<b>F2^286</b>
Claim pending for COB Information but a request has not been issued at the time a 276 was received—pending status	<b>P1^52</b>
	<b>P1^57</b>
	<b>P1^286</b>
*NOTE: These responses are standard for all lines of business. They are not the only codes returned for all situations, other claim status codes are returned.	

## Section 2 - Enveloping

EDI envelopes control and track communications between you and Empire. One envelope may contain many transaction sets grouped into the following:

- Interchange Control Header (ISA)
- Functional Group Header (GS)
- Functional Group Trailer (GE)
- Interchange Control Trailer (IEA)

276 Health Care Claim Status Request—Envelope Specific to Empire (TR3, Appendix C)							
ISA—Interchange Control Header		GS—Functional Group Header		GE—Functional Group Trailer		IEA—Interchange Control Trailer	
ISA01	00	GS01	HR	GE01	refer to TR3	IEA01	refer to TR3
